

2022 Programs

Introducing the 'Enhanced MJACL Program Fee Option' which is now available.

The Enhanced Program Fee Option can be requested when successful participation in any MJACL program requires supports beyond what the regular program costs allow for. The MJACL Enhanced Program Option not only uses one to one teaching moments to provide behavioral and social coaching, skill development and generalization, but will also provide daily parent collaboration and assessment of participant needs. Parents will have increased opportunities to provide valuable insights and support to help their child get the most out of their program. The program support worker will start off the day at the home and then worker and participant will head off to attend the program. At the end of the day the support worker and participant will return to the home together.

Connection of Friends

1. Young Adult (18 – 35 years)

Location: 75 Ross Street West

Connection of Friends supports adults with intellectual disabilities as they share in social, recreational, and volunteer opportunities. Programming at Connection of Friends is designed to promote independent living by teaching a variety of essential life skills throughout the year. Specifically, the program focuses on caring for personal needs, community and personal safety awareness, food preparation and healthy eating, and the use of community recreational facilities. Teaching essential life skills is beneficial for young adults who are planning to either live independently or with assistance. The mastering of routine daily tasks in early adulthood may increase a person's likelihood of living independently in the future.

Respite Services

1) In the client home respite: \$18.10/hour

This rate of pay is intended for 1:1 respite for the client only and does not include other children in the family

2) Out of the client home respite: \$19.22/hour

This rate is intended to be in the caregiver home and the expectation is that the parent provides the transportation and a bag lunch if the time chosen is over a meal time

3) Out of the client home respite: \$19.22 (if 1.5 h is booked then add 30 min for transportation time) plus flat rate of \$9.60 per outing for mileage

This rate is intended to be in the caregiver home and staff will provide transportation with the expectation that the parent provides a bag lunch if the time chosen is over a meal time

Mentorship Services

Being a mentor to someone with a cognitive disability is a service intended to bring greater quality of life and increased independence to the individual (mentee) that is being supported. The mentor role is to build a relationship based on trust, while presenting opportunities for that individual to learn, grow and be more self-sufficient in everyday life.

The mentor acts as a positive role model, increases community involvement for the mentee, helps improve daily life skills (such as budgeting, planning and cooking), carries out positive behavioral support plans, and offers a variety of other supports where needed.

\$29/hour Client pays for their own activity cost
